

## SECTION 1: IDENTIFICATION

- (a) Product Identifier: **ALPOLIC<sup>®</sup> 0.032" Brake Metal**
- (b) Other means of Identification: None
- (c) Recommended Use: Interior and Exterior Surfaces and Signage
- (d) Manufacturer/Importer/Distributor: Mitsubishi Chemical Composites America, Inc.  
401 Volvo Parkway, Chesapeake, VA 23320  
757-382-5750
- (e) Emergency Phone Number: Chemtrec 1-800-424-9300

## SECTION 2: HAZARD(S) IDENTIFICATION

- (a) Chemical Classification: Not classified as hazardous according to OSHA Hazard Communication Standard, 29 CFR 1910.1200.
- (b) Signal Word: Not applicable
- Hazard Statement(s): Not applicable
- Symbol(s): Not applicable
- Precautionary Statement(s): Not applicable
- (c) Hazards Not Otherwise Classified: None Known
- (d) Supplemental Information: None

*NOTE: This product is an "article" according to 29 CFR 1910.1200.*

*"Article means a manufactured item other than a fluid or particle, which is formed to a specific shape or design during manufacture which has end use function dependent in whole or in part upon its shape or design during end use, and which under normal conditions does not release more than very small quantities or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees."*

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

Components	CAS Number	Percent
Aluminum	7429-90-5	99%
Flouropolymer Coating	Trade Secret	1%

## SECTION 4: FIRST-AID MEASURES

- (a) Eye contact: Dust from processing. Rinse eyes with water or saline for at least 15 minutes. Consult a physician.
- Skin Contact: Dust from processing. Wash with soap and water for at least 15 minutes. Get medical attention if irritation develops or persists.
- Inhalation: Dust from processing. Move to fresh air. Consult a physician.

- |   |  |
|---|--|
| Ingestion   | Not likely due to form of product.   |
| (b) Most important Symptoms/Effects                                 | Dust and fumes from processing can be irritating to eyes, respiratory system and skin. Heating above melting point may cause metal fume fever by inhalation. |
| (c) Medical conditions aggravated by exposure                       | Asthma, Chronic lung disease. Accumulation of dust in the respiratory system may cause moderate congestion.  |
| (d) Indication if immediate medical attention and special treatment | No data available.   |

## SECTION 5: FIRE-FIGHTING MEASURES

- |   |  |
|---|--|
| (a) Suitable extinguishing media                  | Use Class D extinguishing agents on fines or molten metal.   |
| Unsuitable extinguishing media                    | Do not use halogenated extinguishing agents on small chips/fine dusts.   |
|   | Do not use water in fighting fires around molten metal.  |
| (b) Specific hazards                              | Combustion products include carbon monoxide, carbon dioxide, nitrogen oxide, and smoke. Under certain conditions some aliphatic aldehydes and carboxylic acids may form. |
| (c) Special PPE and precautions for fire fighters | Fire fighters should wear NIOSH approved, positive pressure, self-contained breathing apparatus and full protective clothing when appropriate.                           |

## SECTION 6: ACCIDENTAL RELEASE MEASURES

- |   |  |
|---|--|
| (a) Personal precautions, PPE, and emergency procedures   | Avoid contact with sharp edges or heated metal. Use PPE recommended in Section 8.  |
| (b) Methods and materials for containment and cleaning up | Should a release of dust occur, contain by blocking routes to surface water and grassy areas. Clean up by sweeping and depositing in a closed container. |

## SECTION 7: HANDLING AND STORAGE

- |                                   |  |
|-----------------------------------|--|
| (a) Precautions for safe handling | Avoid generating dust. Avoid contact with sharp edges or heated metal. |
| (b) Conditions for safe storage   | No special storage precautions noted.                                  |

## SECTION 8: EXPOSURE CONTROLS/ PERSONAL PROTECTION

- (a) Occupational Exposure Limits

Component	OSHA Permissible Exposure Limits (PEL)		ACGIH (TLV)
	Total	Respirable	Respirable Fraction
Aluminum	15 mg/m <sup>3</sup>	5 mg/m <sup>3</sup>	1 mg/m <sup>3</sup>

(b) Appropriate Engineering Controls	If dust is generated through processing, use with adequate ventilation designed to handle particulates to meet the occupational exposure limits listed in Section 8(a).
(c) Individual protective measures, PPE	
Eye/Face Protection	Safety glasses with side shields or goggles recommended.
Skin Protection	Avoid contact with sharp edges. Cut resistant gloves recommended.
Respiratory Protection	Dust from processing. Use NIOSH approved respiratory protection if concentrations exceed the occupational exposure limits listed in Section 8(a).
Thermal Hazards	When material is heated, wear gloves to protect against thermal burns.

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

(a) Appearance	Solid panel, Various Colors
(b) Odor	Odorless
(c) Odor Threshold	Not applicable
(d) pH	Not applicable
(e) Melting Point/Freezing Point	1149-1220 °F Aluminum
(f) Initial Boiling Point and Boiling Range	Not determined
(g) Flash Point	Not determined
(h) Evaporation Rate	Not applicable
(i) Flammability (solid, gas)	Not applicable
(j) Upper/Lower Flammability Explosive Limits	Not applicable Dust clouds may be explosive under certain conditions
(k) Vapor Pressure	Not applicable
(l) Vapor Density	Not applicable
(m) Density (specific gravity)	Not determined
(n) Solubility	Insoluble
(o) Partition Coefficient	Not applicable
(p) Auto Ignition Temperature	Not determined
(q) Decomposition Temperature	Not determined
(r) Viscosity	Not applicable

## SECTION 10: STABILITY AND REACTIVITY

(a) Reactivity	The product is stable and non-reactive under normal conditions of use, storage, and transport.
(b) Chemical Stability	Stable under normal conditions of use, storage, and transport.
(c) Possibility of hazardous reactions	Hazardous polymerization does not occur.
(d) Conditions to avoid	None
(e) Incompatible materials	Not applicable

- (f) Hazardous decomposition products Carbon monoxide, carbon dioxide, nitrogen oxide, and smoke. Under certain conditions some aliphatic aldehydes and carboxylic acids may form.

## SECTION 11: TOXICOLOGICAL INFORMATION

- (a) Acute toxicity Not classified.  
(b) Skin corrosion/irritation Not corrosive.  
(c) Serious eye damage/irritation Dust from processing may cause eye irritation.  
(d) Respiratory or skin sensitization Dust and fumes from processing may cause respiratory irritation. Not a skin sensitizer.  
(e) Germ cell mutagenicity Not classified.  
(f) Carcinogenicity Not classified.  
(g) Reproductive toxicity Not classified.  
(h) STOT-single exposure Not classified.  
(i) STOT-repeated exposure Not classified.  
(j) Aspiration hazard Not an aspiration hazard.  
(k) Chronic effects Dust and fumes from processing may cause scarring of the lungs, central nervous system damage.

## SECTION 12: ECOLOGICAL INFORMATION

- (a) Ecotoxicity No toxic effects to ecosystems.  
(b) Persistence and degradability No information available.  
(c) Bioaccumulative potential No information available.  
(d) Mobility in soil No information available.  
(e) Other adverse effects None known

## SECTION 13: DISPOSAL CONSIDERATIONS

- Disposal Instructions Reuse or recycle material whenever possible. If reuse or recycling is not possible, dispose in accordance with federal, state, and/or local regulations.

## SECTION 14: TRANSPORT INFORMATION

- (a) UN Number Not applicable  
(b) UN proper shipping name Not Regulated  
(c) Transport Hazard Class(es) Not Applicable  
(d) Packing Group Not Applicable  
(e) Environmental Hazards Not Applicable  
(f) Transport in Bulk Not Applicable  
(g) Special Precautions Not Applicable

## SECTION 15: REGULATORY INFORMATION

OSHA: This product is not classified as hazardous under the criteria set forth by 29 CFR 1910.1200, Hazard Communication.

Federal and State Regulations: There is no classification data available on carcinogenic properties of this material from EPA, IARC, NTP, OSHA, or ACGIH.

California Proposition 65: WARNING – This product contains chemicals known to the State of California to cause cancer and birth defects or other reproductive harm.

Components of this product are subject to the following regulatory requirements and/or appear on the following associated chemical inventory list(s): Toxic Substance Control Act (TSCA), European Inventory of Existing Commercial Substances (EINECS), Australian Inventory of Chemical Substances (AICS), Domestic Substances List (DSL), Korea Existing Chemicals List (KECL), Phillipines Chemical Inventory (PICCS).

## SECTION 16: OTHER INFORMATION

SDS #: ALP05

Issue Date: 1/18/05

Revision Date: 9/20/18

Revision #: 6

**Disclaimer:** The information presented in this Safety Data Sheet is based on data believed to be accurate as of the date this Safety Data Sheet was prepared. The information above is provided on the condition that parties receiving the product make their own determination as to the suitability of the product for their particular purpose and assume the risk of use of the product. NO WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ANY OTHER WARRANTY IS EXPRESSED OR IS TO BE IMPLIED REGARDING THE ACCURACY OR COMPLETENESS OF THE INFORMATION PROVIDED ABOVE, THE RESULTS TO BE OBTAINED FROM THE USE OF THIS INFORMATION OR THE PRODUCT, THE SAFETY OF THIS PRODUCT, OR THE HAZARDS RELATED TO ITS USE.

Mitsubishi has no responsibility or liability for any damage or injury resulting from abnormal use or from any failure to adhere to recommended procedures. Mitsubishi neither grants, nor shall the party receiving the product imply any authorization to practice any patented invention without a license.
