SECTION 4: FIRST-AID MEASURES

(a) Eye contact Dust from processing. Rinse eyes with water or saline for at least 15 minutes. Consult a physician.
Skin Contact  Dust from processing. Wash with soap and water for at least 15 minutes. Get medical attention if irritation develops or persists.

Inhalation  Dust from processing. Move to fresh air. Consult a physician.

Ingestion  Not likely due to form of product.

(b) Most important Symptoms/Effects  Dust and fumes from processing can be irritating to eyes, respiratory system and skin. Heating above melting point may cause metal fume fever by inhalation.

(c) Medical conditions aggravated by exposure  Asthma, Chronic lung disease. Accumulation of dust in the respiratory system may cause moderate congestion.

(d) Indication if immediate medical attention and special treatment  No data available.

SECTION 5: FIRE-FIGHTING MEASURES

(a) Suitable extinguishing media  Use Class D extinguishing agents on fines or molten metal.

Unsuitable extinguishing media  Do not use halogenated extinguishing agents on small chips/fine dusts.

Do not use water in fighting fires around molten metal.

(b) Specific hazards  Combustion products include carbon monoxide, carbon dioxide, nitrogen oxide, and smoke. Under certain conditions some aliphatic aldehydes and carboxylic acids may form.

(c) Special PPE and precautions for fire fighters  Fire fighters should wear NIOSH approved, positive pressure, self-contained breathing apparatus and full protective clothing when appropriate.

SECTION 6: ACCIDENTAL RELEASE MEASURES

(a) Personal precautions, PPE, and emergency procedures  Avoid contact with sharp edges or heated metal. Use PPE recommended in Section 8.

(b) Methods and materials for containment and cleaning up  Should a release of dust occur, contain by blocking routes to surface water and grassy areas. Clean up by sweeping and depositing in a closed container.

SECTION 7: HANDLING AND STORAGE

(a) Precautions for safe handling  Avoid generating dust. Avoid contact with sharp edges or heated metal.

(b) Conditions for safe storage  No special storage precautions noted.

SECTION 8: EXPOSURE CONTROLS/ PERSONAL PROTECTION
