## stone series

ALPOLIC®/fr Stone Series give you the genuine look and strength of stone, but in the form of an innovative, high-performance and lightweight aluminum composite material (ACM) – the best of both worlds for architects and designers.

### CONSTRUCTION INFORMATION

PROJECT: Macy's Department Store  
LOCATION: Las Vegas, NV  
PRODUCT: ALPOLIC® Black Granite & White Granite

### GENERAL INFORMATION

ALPOLIC® Stone Series has the look, feel and rigidity of stone and weathered copper at only a fraction of the weight. That and the standard mineral filled fire resistant core makes it perfect for building cladding, modular buildings, fascia, accent bands, canopies, column covers and signage. Its combination of durability and natural beauty makes this series a classic.
